

Words Come Easily

Flyte

Was always something that I mean to say
But it never comes out right
A thought emerges and it fades away
My mind is racing but my tongue is tied

Then I hear your voice
Calling down the stairs
And it all falls into place
And I forget I ever cared

And shut the light behind closed doors
When no one can get to me
And words come easily
And words come easily

And we're on our own tonight, but the TV's on
And I'm hearing voices through the walls
And when I think of all the time we've spent
I really don't know you at all

But then I hear your voice
Calling down the stairs
There was something in the way
How it blew another way

And shut the light behind closed doors
Four walls surrounding me
And words come easily
And words come easily
And words come easily

Ooo, ooo
Ooo, ooo
