

Synthia

FM Belfast

I tried my best
To put you back together
Put you back together

But I can't
Put you back together
Put you back together

You broke your notes
I put you back together
Put you back together

I feel sorry for you
My sweet Synthia
But what can I do
My boy Synthia

I feel sorry for you
My sweet Synthia
But what can I do
My boy Synthia

What have they done to my Synthia
What have they done to my Synthia
What have they done to my Synthia
What have they done to my Synthia
Put you back together

I tried my best
To put you back together
To put you back together

But I can't
Put you back together
To put you back together

You broke your notes
I put you back together
Put you back together
Put you back together
Put you back together

I feel sorry for you
My sweet Synthia
But what can I do
My boy Synthia

I feel sorry for you
My sweet Synthia
But what can I do
My boy Synthia

What have they done to my Synthia
What have they done to my Synthia
What have they done to my Synthia
What have they done to my Synthia
Put you back together
