

We Are Faster Than You

FM Belfast

Here comes a time when you go, oh, oh,
Ready to go,
If you thought so,
You must go, oh, oh!
Im in control!
We are faster than you
And you know that we are soul sisters of the world
And well lead the way again.
We are faster than you
And you know that we are soul sisters of the world
Im gonna lead the way again.
Youre sticks and stones, and break my bones, oh, oh
Cause I say so, oh, oh
Cause I say so
We are faster than you
And you know that we are soul sisters of the world
And well lead the way again.
We are faster than you
And you know that we are soul sisters of the world
Im gonna lead the way again.
We are faster than you
We are faster than you
We are faster than you
And you know that we are soul sisters of the world
And well lead the way again.
We are faster than you
And you know that we are soul sisters of the world
Im gonna lead the way again.
We are faster than you
We are faster than you
