

# My Number

Foals

You don't have my number  
We don't need any trouble now  
We don't need the city  
Who create all the culture now

Cause I feel  
I feel alive  
I feel, I feel alive  
I feel that the streets are all pulling me down

So people of the city  
I don't need your counsel now  
And I don't need that good advice  
Cause you don't have my lover's touch

You don't have my number  
We don't need any trouble now  
Who create all the culture  
We can move beyond it now

The wolves is knocking at my door  
Them bang-bangin', ask for more  
Stand with you, stand tall  
We could move beyond these walls

I don't need your counsel  
I don't need that good advice  
I don't need no one else  
Cause you don't have my lover's touch

You don't have my number  
We don't need any trouble now  
Who create all the culture  
You don't have my lover's touch

Do you even hear me?  
Do you even know my name?  
Let's see the ocean there  
I'll hold you in my arms tight

Can you hear me?  
I'm know you're listening now

You don't have my number  
And I don't need no one else  
I don't need the city streets  
Who create all the culture now
