I'm an animal, just like you
Oh I'll bleed just a little bit too
Oh I'll bleed just like you
I know I cannot be true

I'll bleed just a little bit too
Oh I'm just like you
I'm just an animal, just like you

I'll bleed just a little bit too
I'm an animal, just like you
I'll bleed just a little bit too
I bruise just like you

I'll bleed just like you
I'll know just like you
I'll bleed just like you
Oh I know I'm done

I'll bleed just a little bit too
Oh lord, what can I do?
I'll bleed just like you
I'll bleed just like you

I know just what to do
I'm an animal, just like you
Oh lord, what can I do?
Oh lord, help me through

I'll bleed just a little bit too
Oh lord, hope you see me through
I'll bleed just like you
I'll bleed just like you
