

Aladdin Reverse

Foetus

Trapped in an elevator
it's caught between floors
no cause for alarm

Trapped with a guilty conscience
stand clear of the doors
enter the exterminator

Visiting that labyrinth of dreams
things aint all that they seem
my only safe haven

I visit worlds from the past
and my failed ex-lovers
but I aint misbehaving

In god we trust
and acts of random lust
and table dances

Where did I go wrong?
Why is Elton John eulogizing me in song?

Aladdin reverse
should you choose to accept it
Dorian Grey in reverse

Where did I go Wrong?
This aint where I belong.
What the f**k does it matter?

Inertia's relying the waiting
Im still hesitating
and procrastinating

This can't be all that I can be
I don't like what I see
and seeing's believing

Aladdin reverse
should you choose to accept it
Dorian Grey in reverse

Aladdin reverse
your new assignment
Dorian Grey in reverse

oh yeah
yeah

(???????????) calling or caught in the -----? x2

Reinventing the wheel
out of galvanized steel
to ride the roadmap complexion

There's a wrinkle in time

while I look for an exit
a botox injection

Children turning out
on the tundras they sprout
why must the uterus bleed?

Inertia's relying the waiting
Im still hesitating
and procrastinating

Aladdin reverse
Dorian Grey in reverse
Aladdin reverse

oh yeah
yeah

(???????????) calling or caught in the -----? x4
