

# Mandelay

Foetus

Treat me like a doormat wipe me out  
Take my will and grind it into dust  
You're free to do what you are told  
Until the rights to you are sold  
You take away - i give you all  
You take away - i give you all  
You take away - i give you all i got  
Mandelay  
Relinquish what it takes to heal  
Relinquish touch and taste and feel  
Relinquish all i ever known  
Relinquish all and turn to stone  
Relinquish what's inside my head  
Relinquish all i've ever read  
Relinquish all that i enjoy  
Forget that i am just a boy  
Deny myself the simplest pleasure  
Increase the suffocating pressure  
Objects in the mirror are closer than they appear  
You take away i give you all  
You take away i give you all  
You take away i give you all i got  
Mandelay  
You take away i give you all  
You take away i give you all  
You take away i give you all  
You take away i give you all
