

# Time Marches On

Foetus

Time marches on  
Blink then it's gone  
Make no mistake  
It's vanishing

The clocks are overwound  
The bells don't make a sound  
They used to toll for me  
I guess my time is now

You get up and sleep  
And go to the bar  
But how long have I been  
Going on and on and on

It's too late now  
No turning back  
Atomic clock  
The skys turn black

No daylight savings, now  
Regret the time you slept  
It's one third of your life  
And precious minutes lost

You get up and sleep  
And go to the bar  
But how long have I been  
Going on and on and on

Time marches on  
Blink then it's gone  
Make no mistake  
To Babylon

No daylight savings, now  
Regret the time you slept  
It's one third of your life  
And precious minutes lost

It's closing time  
About to crash  
But how long have I been  
Going on and on and on

And on and on and on  
And on and on and on  
And on and on and on and on and on
