

Monster

Fog Lake

You could say it like you mean it
You could tell me how you're feeling
'Cause I can't tell
There's a prayer, I can teach it
Wouldn't matter if it reached him
But I don't care

Far gone, beyond repair
With a sawed off secret
So just sit back
I created a monster

Didn't seem within reason
Well, I got nothing to believe in
And I'm sick of this
You could try to live by
Every rock 'n' roll suicide, I'm impatient
There's no captain on this ship
We're all going down with it but I don't care
I created a monster

Well, don't sigh, I know why
You were living all these lies
It's not secret
Half naked in my eyes
Another farewell lullaby for their judgement
I'd try, but I can't live with this
A dead muse and a sick head
That you won't miss
There's no captain on my ship
The water's up to my neck
So don't hold your breath

I'm far gone, maybe this it it
Got a sawed off secret
So just sit back
I created a monster
