

Knock It Off

Foghat

Don't need no excuses
Relax turn my cob
And pull my strings
You keep wide on me, yeah

You think I'm over reacting
There's a line you gotta sober
Just give me your reason
I got the tip on my shoulders so

Knock it off
Knock it off
You gotta knock it off
I got a tip on my shoulders, bring it for me
So knock it off

You keep pushing and pushing
You just won't let up
We gotta settle this squibbling
And get out of this trash

I see you're looking for trouble
Well, I can start some too
Well, just give me a reason
I double dare you to

Knock it off
Knock it off
You better knock it off
Come on knock it off

Don't need no excuses
You like stirring it up
And pulling and pulling and pulling my strings
You like tearing me up

You say I'm over reacting
There's a line you gotta sober
Just give me your reason
I got a tip on my shoulders so

Knock it off
You better knock it off
Come on and knock it off
Just knock it off
You gotta knock it off
Knock it off
You better knock it off

I got a tip on my shoulders [?] so knock it off
You better knock it off
Come on knock it off
