

In darkness  
It slithers  
Chaos coiled thrice:  
Reptilian eyes  
Haunt the night...

Apep! Fiend of Izft!  
Go back to thy pit!  
In the name of Ma'at  
The light that burns  
Hoary one, I thee defile!

In blackness  
It crawls  
Terror coiled thrice:  
Under the Sphinx  
Entombed, he resides...

Eyes that hypnotize  
Ra and his court alike -  
Great serpent of the Nile  
In the name of Ma'at  
The light that binds  
Evil one, I thee defile!

"Apophis, old serpent vile!  
Turn back and hide, thou  
Whom Ra has banished!  
In places deep, where terror sleeps  
Retreat away from man and his kind..."
