Gone is the day, gone is the night, gone is the day  
(In ár gCroíthe)  
Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day  
(In ár gCroíthe)  
Gone is the day, gone is the night, gone is the day

She defines the only answer  
And I never had the time  
She defines the only reason  
For feeling  
All in all is all we tailor  
And they always have the best  
And she defines the only reason  
For feeling

Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day

She defines the only answer  
And I never had the time  
She defines the only reason  
For feeling  
All in all is all we tailor  
And they always have the best  
And she defines the only reason  
For feeling, ah, ah

Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night  
It's gone, it's gone, it's gone, it's gone, it's gone

She defines the only answer  
And I never had the time  
She defines the only answer  
To feeling  
All in all is all we tailor  
And they always had the best  
She defines the only reason  
For feeling, ah, ah, ah

Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day  
Gone is the day, gone is the night, gone is the day  
It's gone, it's gone, it's gone, it's gone, it's gone, it's gone, it's gone,  
it's gone
