

Sundowner

Fontaines D.C.

In my dreams
I can't help it
In my dreams
Seen it coming
In my dreams
I can't help it
In my dreams
Turns to nothing

A sadness in the soul
I dreamed it long ago
But I have not belonged
To any setting sun
A destination low
And I'd hate to see ye go
Now that I can feel it
It's faster if I call ye

In my dreams (I just wanna hear you call)
I can't help it (Waiting for a while)
In my dreams (You know I'm not cynical)
Seen it coming (I give into a smile)
In my dreams (Well, I just wanna feel it)
I can't help it (Waiting for a while)
In my dreams (Wish that I could feel it)
Turns to nothing (Yeah)

So you who will contend
With things until they end
Will sleep another off
And try to start again
Fascination lines
Down all your face and eyes
And say you'll never feel it
It's faster if I call ye

In my dreams (I just wanna hear you call)
I can't help it (Been waiting for a while)
In my dreams (You know I'm not cynical)
Seen it coming (I give into a smile)
In my dreams (Well, I just wanna feel it)
I can't help it (Waiting for a while)
In my dreams (I wish that I could feel it)
Turns to nothing

In my dreams
In my dreams
In my dreams
In my dreams
