

Beyond Me

Foo Fighters

If it all ended today
Would you be fine?
Would you be fine?
If it all ended this way
Would you still be mine?
Would you still be mine?
Are you well?
I can't tell
Do tell
Do tell

Everything we love must grow old
Or, so I'm told
Or, so I'm told
You must release what you hold dear
Or, so I fear
Or, so I fear

But, it's beyond me
Forever young and free
But, it's beyond me
Forever young and free

If it all just went away
Would you be kind?
Would you be so kind?

Are you well?
I can't tell
Do tell
Do tell

Everything we love must grow old
Or, so I'm told
Or, so I'm told
You must release what you hold dear
Or, so I fear
Or, so I fear

But, it's beyond me
Forever young and free
But, it's beyond me
Forever young and free

But, it's beyond me
Forever young and free
But, it's beyond me
Forever young and free
