1. I have spent a lifetime  
**A D**  
Waiting for the chance  
**A G**  
To save you my confession  
**A D**  
Save the one last dance

2. The same old superstition  
Haunt us now and then  
I'm begging for ignition  
To start it all again

**G**  
R1: We'll burn away  
**F#mi A D**  
Burn away, burn away my bride  
**G**  
We'll burn away  
**F#mi A D**  
Burn away, burn away my bride  
**G F#mi A D**  
We'll burn away from all the other flames that burn tonight

We'll burn away  
**F#mi A D**  
Burn away, burn away my bride

**G A D G**

**A Hmi**  
Burn out beyond  
**C G Hmi A**  
Out beyond the sun

3. Will you still remember  
There behind the skies  
Walking on the embers  
Standing in their light

4. The hardest part is knowing  
Everything must die  
The hardest part is waiting here  
Waiting to collide

Burn on, burn on  
Calling to you  
**Hmi A G**

Calling to you  
**Hmi A G**  
Burn on, burn on...
