

But Here We Are

Foo Fighters

Save your shiny little charms
Take them off
Take them off
Faith
You wish upon a star
But, here we are

Hey
Lay your burden down
Turn around
Turn around
Fate
Written in the stars
Arm in arm
Arm in arm we are forever caught in illusion
It's not an illusion

Waning, fading innocence

I gave you my heart, but here we are
Saved you my heart, but here we are
But, here we are

Wait
Patience
Patience
Are you ready now?
Pain
Severance
Reverence
Arm in arm we are forever caught in illusion
It's not an illusion

Waning, fading innocence

I gave you my heart, but here we are
Saved you my heart, but here we are
But, here we are
