

Chasing Birds

Foo Fighters

Chasing birds to get high
My head is in the clouds
Chasing birds to get by
I'm never coming down

My heart is six feet underground
The road to hell is paved with good intentions
Dark inventions of mine
The road to hell is paved with broken parts
Bleeding hearts like mine

Chasing birds through the sky
And deep into the black
Chasing birds, say goodbye
I'm never coming back

Here comes another heart attack
The road to hell is paved with good intentions
Dark inventions of mine
The road to hell is paved with broken parts
Bleeding hearts like mine

Chasing birds to get high
I'm never coming down

My heart is six feet underground
The road to hell is paved with good intentions
Dark inventions of mine
The road to hell is paved with broken parts
Bleeding hearts like mine

Chasing birds
Chasing birds
Chasing birds
Chasing birds
Chasing birds
Chasing birds
