

Come All Ye Unfaithful

Foo Fighters

I'm the baby on the black mass altar
I'm descendant of the jackal
I'm the sick
Heretic

I'm the child of a blaspheme mother
I'm the warning of a vengeful god
Exist to resist
Exist to resist

Send in the parish, sinners and saints
Open your arms, salvation awaits
Let go of reason, let it begin
Open your heart to the evil within

Come all ye unfaithful
Come all ye unfaithful
Let go of reason, let it begin
Come, let me in

I'm a servant to a master calling
I'm an agent of disaster
I insist you desist

I'm assistant to the dark commander
I'm companion to the night
A ritualist
Anarchist
