

## Floaty

Foo Fighters

He floats  
floats away  
on the ground  
he comes back down

She floats  
floats away  
on the ground  
she comes back down

They float  
float away  
on the ground  
they come back down

We float  
float away  
on the ground  
we come back down

That's not as big as  
what's flown around here
