

Let It Die

Foo Fighters

Es F G Es F G
Heart of gold but it lost its pride
Beautiful veins and bloodshot eyes
I've seen your face in another light
Why'd you have to go and let it die?

G F G
Why'd you have to go and let it die?

Es F G
Why'd you have to go and let it die?

G F G
In too deep and out of time

Es F G
Why'd you have to go and let it die?

A simple man and his blushing bride
Intravenous, intertwined
Hearts gone cold your hands were tied
Why'd you have to go and let die?

Why'd you have to go and let die?
Why'd you have to go and let die?
In too deep and out of time
Why'd you have to go and let die?

G
Do you ever think of me?
You're so considerate
Did you ever think of me?
Oh, so considerate

Es F
In too deep and lost in time
