Everyone wants to believe

Blame it on you, thought these years I've been losing

Blame it on the past, it's the last place I know you

Blame all the children, they're raging and ruined

Blame it on the black and the blue

Every now and then

You're down and out my friend

Down and out again (3x)

But I'm down with you

One more time for the last time

One more time for release

One more time for the last time

Everyone wants to believe

Every now and then

You're down and out my friend

Down and out again (3x)

But I'm down with you

One more time for the last time

One more time for release

One more time for the last time

Everyone wants to believe
