1. Here now don't make a sound

Say have you heard the news today?
One flag was taken down

To raise another in its place
A heavy cross you bear

No tomorrow, no dead end in sight

2. Let's say we take this town
No king or queen of any state
Get up to shut it down
Open the streets and raise the gates
I know one wall to scale
I know a field without a name
Head on without a care
Before it's way too late

R1: Maybe the season...
F **C**
R3: Long road to ruin there in your eyes
F **C** **Emi**
Under the cold streetlights
Ami **D**
No tomorrow, no dead ends

R2: Long road to ruin...
C **G** **C**
*: For every piece to fall in place
G **C**
Forever gone without a trace
G **Ami**
Your horizon takes its shape

Come now, I'm leaving here tonight

Come now, let's leave it all behind

Running through hell, heaven can wait
