

Making A Fire

Foo Fighters

I've been waiting, elevating
Hanging on the line
Hate to say it
Your new favorite's going out of style
Threw away those broken heroes
They're just wood and wires
Hallelujah
Spread the news but don't believe the hype
Alright

Are you afraid of the dark?
I know a place we can start

But if this is the last time
Make up your mind
I've waited a lifetime to live
It's time to ignite
I'm making a fire

I was begging when I said I'd never tell a lie
Luck be damned
I took a stand and finally hit my stride
Bye, bye

Are you afraid of the dark?
I know a place we can start

But if this is the last time
Make up your mind
I've waited a lifetime to live
It's time to ignite
I'm making a fire

Are you afraid of the dark?
I know a place we can start

So if this is the last time
Make up your mind
I've waited a lifetime to live
It's down to the wire

This is the last time
I've made up my mind
I've waited a lifetime to live
It's time to ignite
I'm making a fire
