

Rest

Foo Fighters

Waking up
Bottom of an empty cup
Laying in your favorite clothes
Chosen just for you
Make you laugh
Maybe I could make you laugh
Books of faded photographs
Moments saved for you
Angel dust
Tiny little paper cuts
Close my eyes and feel your touch
Holding on to you

Rest
You can rest now
Rest
You will be safe now
Rest
You can rest now
Rest
You will be saved now

Love and trust
Life is just a game of luck
All this time escaping us
Until our time is through

Rest
You can rest now
Rest
You will be safe now
Rest
You can rest now
Rest
You will be saved now

Rest
You can rest now
Rest
You will be safe now
Rest
You can rest now
Rest
You will be saved now
You will be safe now

Waking up
Had another dream of us
In the warm Virginia sun
There I will meet you
