

# Savior Breath

Foo Fighters

Greed oh greed has smothered me  
Clobber me, I'm onto you  
My oh my, now to survive  
Guilty by clouds of you

How you've been?  
How fortunate  
I got this sin to savor you  
I don't need your remedy  
I wanna be right  
Sick of you

Sweet as  
Cringe and burn now mark my words and  
Save your breath  
Save your breath  
Save your breath  
Cause it's mine  
Save your breath  
Save your breath  
Save your breath  
Cause it's mine

Open wide, my crucify  
I wanna ride my lungs on you  
Nervous  
It's gonna be there to take you in  
Bang bang bang  
Ain't no  
Bang bang bang  
Ain't no

Sweet as  
Cringe and burn now mark my words and  
Save your breath  
Save your breath  
Save your breath  
Cause it's mine  
Save your breath  
Save your breath  
Save your breath  
Cause it's mine

Bang bang bang  
Ain't no  
Bang bang bang  
Ain't no

Sweet as now mark my words and  
Save your breath  
Save your breath  
Save your breath  
Cause it's mine  
Save your breath  
Save your breath  
Save your breath  
Cause it's mine

Save your breath  
Save your breath  
Save your breath  
Cause it's mine
