

# Summer's End

Foo Fighters

## Dsus2

1. Early morning without warning,  
woke me with a scare

C G

I had that dream again  
that the sun was dead.

## Dsus2

Make me warm or take me home,  
its so cold in here

C G

Can't we meet somewhere  
is it winter there  
is it winter there  
this winter

D Am

- R: Meet me in the summer time

C G

We can move the air

D Am

Sweet Virginia countryside

C G

I will meet you then

D Am

Blood red lips and cherry wine

C G

Moonshine in your hair

D Am

Just keep staring at the sun

C G

Pray for Summer's end

2. Come on over break my storm  
Oceans overhead  
Come inside my friend  
In the night out there  
Every moment we have stolen  
All we had to share  
No one wanted that  
but you know I did  
you know I did  
this moment

R: Meet me in the summer time...
