

97 Ways

FO&O

I'm always wondering why everybody
goes so fast and love is like goodbye it doesn't seem to last
So can we take our time stretch it out anticipate the day we cross the line
it will be so worth the wait

I, I, I swear it I, I, I swear it I, I, I swear it
i swear I'll prove it I swear it I, I, I swear it, I swear I'll prove it 97
ways

in the way I kiss your lips
in the way I kiss your face
my hands upon your hips
as we slowly dance in place

in the way I stroke your skin
till ya feel like it's ablaze
soon as we give in I'm gonna prove it 97 ways

We always ask the best
and although I'm sure you're it
it's harder like a test
to chill a little bit

I think of what's to come
holding back I hesitate
and when its finally done
oh it will be so worth the wait

I, I, I swear it I, I, I swear it
I, I, I swear I'll prove it
I swear it I, I, I swear it I, I, I
swear I'll prove it 97 ways

in the way I kiss your lips
in the way I kiss your face
my hands upon your hips
as we slowly dance in place

in the way I stroke your skin
till ya feel like its ablaze
soon as we give in I'm gonna prove it 97 ways

As hard as this is gonna be
for you its gonna be for me
but understand come on and try please

With you I'm not just hooking up
It's something more it's really love
so let me prove to you to me you're special

hey, in the way I kiss your lips
in the way I kiss your face
my hands upon your hips
as we slowly dance in place

oh, in the way I stroke your skin
till ya feel like its ablaze

soon as we give in I'm gonna prove it 97 ways
