

Put the beat, on my beat 'til the beat breaks,  
Play it loud, play it loud, like a DJ  
We are young, we are wild, we are free say  
Boom banga banga boom banga banga  
Wear a smile, wear a smile, like a tattoo  
Is the foooo, on my foooo, who are you hoo  
All we want is to waka waka woo say  
Boom banga banga boom banga banga  
Don't be a buzzkill

Hey whenever you're down, you're down down down  
Whenever you're down  
We can turn it around, the drums go  
Boom banga banga boom banga banga

Let's go  
Keep it cool like the ice, we can freestyle  
On the road, on the road, never rewind  
Get it loud, walk around with the freestyle  
Boom banga banga woo  
I wanna take some time to make it crystal clear  
Whenever you are feeling down and facing all you're fears  
We gotta turn it around and lift you off the ground  
We go  
Don't be a buzzkill

Hey whenever you're down, you're down down down  
Whenever you're down  
We can turn it around, the drums go  
Boom banga banga boom banga banga

We drown out the silence like a siren repeating  
Yea we drown out the silence we can bring back the feeling, woah  
Put the beat, on my beat 'til the beat breaks,  
Play it loud, play it loud, like a DJ  
We are young, we are wild, we are free say  
Whenever you're down

Hey whenever you're down, you're down down down  
Whenever you're down  
We can turn it around, the drums go  
Boom banga banga boom banga banga

Yea don't be a buzzkill...  
Boom banga banga boom banga banga...  
Don't be a buzzkill...
