

King Of The Radio

FO&O

Turn it on and let it go, let it go
Feel the bass, get super low, super low
Crank that shit, turn it up come and dance with me
I don't want MTV or download streams
Wanna late night show playing Zane Lowe for me
I'm a dirty bass radio freak

Hey what's that noise, pumping out the stereo?
Can't stop jumping around, I got to giddy up and dance
Move my feet to the b-b-beat
Until my speakers blow, I'm king of the radio
Ooh wooh king of the radio
Ooh wooh king of the radio

We come alive in the night, like neon lights
Dance around the underground, how we like
Up all night till the sun comes back for me

Hey what's that noise, pumping out the stereo?
Can't stop jumping around, I got to giddy up and dance
Move my feet to the b-b-beat
Until my speakers blow, I'm king of the radio
Ooh wooh king of the radio
Ooh wooh king of the radio

Ooh woo king of the radio
Until my speakers blow I'm king of the radio

Tonight we bring the party
Go crazy, get naughty
Just feel that heat inside the beat and get this party started
It's time to dance the cha-cha
Freak out go crazy blah-blah
Everybody be singing that nah-nah
To the new school radio gaga
House party speakers thumping, neighbours knocking crowd be jumping
I told ya we ain't stopping party's rocking heads are bopping
We'll party anywhere
Your house, my crib, these stairs
Just drop the beat and bring the heat and well be singing "yeah"

I don't want MTV or download streams
Wanna late night show playing Zane Lowe for me
I'm a dirty bass radio freak

Hey what's that noise, pumping out the stereo?
Can't stop jumping around, I got to giddy up and dance
Move my feet to the b-b-beat

Ooh wooh king of the radio
Ooh wooh king of the radio
