

# Lose Our Lungs

FO&O

We're gonna do our own thang  
Just do what we do  
First class on the plane  
Just do what we do  
After parties in jacuzzi's  
Just do what we do  
You hear our songs in the Movies  
Just do what we do  
Freshest kicks on our feet  
Just do what we do  
New shades every week  
Just do what we do  
Swaggers like a good fella  
Just do what we do  
We don't even have to tell ya  
Just do what we do  
Dance til you drop with The Fooo and your buddies

We don't really care what you say  
We're gonna scream and shout all day  
Until we lose our lungs  
Until we lose our lungs  
Every day is Another party  
Yea we're living life our own way  
Until we lose our lungs  
Until we lose our lungs

Rolled limo to the prom  
Just do what we do  
Bass rattled like a bomb  
Just do what we do  
Left our tuxes at the mansion  
Just do what we do  
Sagging jeans and dirty dancing  
Just do what we do  
We blow a kiss to the haters  
Just do what we do  
Hating on us cause we're famous  
Just do what we do  
Skinny dipping in the pool  
Just do what we do  
And we're acting a fool  
Dance til drop with The Fooo and your buddies

We don't really care what you say  
We're gonna scream and shout all day  
Until we lose our lungs  
Until we lose our lungs  
Every day is Another party  
Yea we're living life our own way  
Until we lose our lungs  
Until we lose our lungs

So we were born in the 90's yea born in the 90's  
So our faces look dashing in the bus ads passing  
Sporting black sunglasses every single day

Haters don't know how to swag the right way  
But all the Foooers do, but all the Foooers do  
Our memories a blurry G cause all the cities that we see  
Enough about us how you feeling everybody?  
Dance til you drop with The Fooo and your buddies  
Dance til you drop with The Fooo and your buddies  
Dance til you drop with The Fooo and your buddies

We don't really care what you say  
We're gonna scream and shout all day  
Until we lose our lungs  
Until we lose our lungs  
Every day is Another party  
Yea we're living life our own way  
Until we lose our lungs  
Until we lose our lungs

We don't really care what you say  
We're gonna scream and shout all day  
Until we lose our lungs  
Until we lose our lungs
