FO&O

Spike strip ain't stopping us cause we got a  
Tight whip 'wrom wrom' everybody wanna  
Roll with us, you know it's us  
When we pull up  
You know what's up  
No doubt we're coming to rock the city  
Sold out, sold out, that's a pity  
But we start up a party on the streets yeah  
It's gonna be hot, gonna be loud  
Gonna be wet, gonna be wild

Hit the west coast  
Hills and Melrose  
Take me to la  
Hop on a plane  
Ritz and the rain  
Head to the uk  
Yeah this life's real crazy  
Yeah this life's real crazy  
Still we all know, we got a home

But we live on the road  
The wheels on the bus go  
Round and round, they go  
Round and round  
They go round and round  
The wheels on the bus go  
Round and round  
Loving it, loving it  
Pack my suitcase

My god every night they're going  
Buck wild, that's how we do  
You know it  
Roll with us, get on the bus  
When we pull up, you know what's up  
Feels like we're dreaming with eyes wide open  
Show stopper ey, stop her  
We're you going  
Cause we're starting a party out on the streets  
It's gonna be hey, gonna be ho  
gonna be high, gonna be low

Hit the west coast  
Hills and Melrose  
Take me to la  
Hop on a plane  
Ritz and the rain  
Head to the uk  
Yeah this life's real crazy  
Yeah this life's real crazy
