

## The Link Up

FO&O

She hit me on Twitter  
She wrote me on facebook  
Insta me pictures, ooh she got great looks  
Said she found me on youtube, said it's a shame they don't do nude  
Said she'd love to get a better view, but what can I do?  
Face real cute, body real nice. Swag so mean she's just my type  
Am I wrong for feeling this right? For doing this toniiiight?  
I hit her with a tweet, we can link up  
You know what it is, we can link up  
See you in a bit, we can link up  
Any any ol' place you can think of  
It's the link up, yeah, the link up, yeah  
The link up we call this here  
The link up, yeah, the link up, yeah  
The link up we call this here  
Droppin' high definition  
Pictures through my e-mail, yeah  
Showing me what I'm missing  
Such a hot little female, yeah  
Now I'm sleepless in my pad  
So I reach for my iPad  
Log on to my Skype fast  
Ooh let me find you  
Where's my private superstar  
Girl this shouldn't be so hard  
Come out, come out wherever you are  
'Cause I'm about ready  
I hit her with a tweet, we can link up  
You know what it is, we can link up  
See you in a bit, we can link up  
Any any ol' place you can think of  
It's the link up, yeah, the link up, yeah  
The link up we call this here  
The link up, yeah, the link up, yeah  
The link up we call this here  
Yo, yo, yo, check  
So many hotties wanna catch me on the web  
'Cause they know I define what is fresh  
Compliments to my swagger, they impressed, yeah it's gravy  
So keep surfin' on the internet then maybe  
There's a chance we could link up and drink up  
And your whole life style I can switch up  
Haha, there's no doubt I can get it in  
That's right, so keep sending all the pictures in  
Ooh, yeah  
I hit her with a tweet  
You know what it is  
See you in a bit  
Any any ol' place you can think of  
It's the link up, yeah, the link up, yeah  
The link up we call this here  
The link up, yeah, the link up, yeah  
The link up we call this here  
I hit her with a tweet, we can link up  
You know what it is, we can link up  
See you in a bit, we can link up
