

Whistle

FO&O

When I wake in the morning
I put on my Jordans
Turn up my swag and I whistle
When I head out the door in my new Ralph Lauren
I twist my cap back and I whistle

When my mama yells "No!"
Cause I wear my pants low
I chuck the deuce up and I whistle
When them boys in the yard ice grillin' me hard
I look up in the sky and I whistle

Hey! There's no other way
It's the way of life
You gotta live right now somehow and whistle like..
It's gon' be OK
Yeah, we can make it right
And if you get knocked down
Get up and whistle like...

Whistle like...

When a girl pass' by and she give me the eye
I whistle, I whistle
When a song comes on but I can't sing along
I whistle, I whistle
It goes:
One-a-lip, two-a-lip, three-a-lip, four
Four-a-lip, three-a-lip, two-a-lip, blow
Everybody here we go-oh
Do the whistle

Hey! There's no other way
It's the way of life
You gotta live right now somehow and whistle like..
It's gon' be OK
Yeah, we can make it right
And if you get knocked down
Get up and whistle like...

Whistle like...

Whistle like...
