

# Play With Me

Foolio

Yeah  
I feel like  
I feel like MJ  
I feel like Michael Jackson reincarnated right now in this bitch, man  
Love me like I'm dead

Why would you play with me?  
Why would you lay with me  
But you ain't stayin' with me?  
Now how it's 'possessed to be  
My heart is broken in piece  
You're such a joke to me  
You're such a ho to me  
Now how it's 'possessed to be  
Why would you play with me?  
Why would you lay with me  
But you ain't stayin' with me?  
Now how it's 'possessed to be  
My heart is broken in piece  
You're such a joke to me  
You're such a ho to me  
Now how it's 'possessed to be

Now how it 'possessed to went  
Think 'bout the times we spent  
You're such a selfish bitch  
I swear I hate that shit  
You make me hate living  
And I can't take this shit  
I gotta face this shit  
You wanna a break from me

Uh, if the love was real  
How could it fade away?  
I gave you my heart  
Saw what you did to me  
I thought you was real, the whole time you envy me  
I gave you my heart, my soul, I'll talk about literally  
Was thinking about trips  
And flying to Italy  
Your ass run games  
You was two steps ahead of me  
Uh, come hop in my coupe  
A stolo, and it got leather seats  
I'm in the city for real  
And it ain't that hard to get up with me

Why would you play with me?  
Why would you lay with me  
But you ain't stayin' with me?  
Now how it's 'possessed to be  
My heart is broken in piece  
You're such a joke to me  
You're such a ho to me  
Now how it's 'possessed to be  
Why would you play with me?  
Why would you lay with me

But you ain't stayin' with me?  
Now how it's 'possed to be  
My heart is broken in piece  
You're such a joke to me  
You're such a ho to me  
Now how it's 'possed to be

Why won't you lay with me?  
Why do you play for keeps?  
You took my heart from me  
And you ran far from me  
Now your ass, RIP  
I made you rest in peace  
Went on a killing spree  
Should never play with me

Why won't you lay with me?  
Why would you play with me  
But you ain't stayin' with me?  
Now how it's 'possed to be  
You're such a joke to me  
You're such a ho to me  
Not how it 'possed to be
