

## Run Deep

Foolio

Back against the wall  
All pressure I can't handle it  
I gave da hoe my soul she done fucked around and damaged it  
Been turnt did since a toddler  
Think I need some anger management  
Killing resolves problems  
Only way that I could manage it  
Ain't go no real friends  
They knivers and be scandalous  
Credit card fraud  
My big brother he be scamming shit  
But me I rob the robber  
Peanut butter I be jamming shit  
I think I'm Kendrick Austin  
My lil brother was a legend jit

I know you see me through your eyes as that same lil nigga  
But you gotta understand that my name got bigger  
All I wanted was the money but the fame came with it  
Every time I'm home there be problems  
You don't know that pain I be feeling  
I know you see me through your eyes as that same lil nigga  
But you gotta understand that my name got bigger  
All I wanted was the money but the fame came with it  
Every time I'm home there be problems  
You don't know that pain I be feeling  
And it run deep, know that pain inside of me  
(Ye) You know it run deep, know that pain inside of me

If you a nigga from the struggle and you lost your main brother  
And you slide with that cutter like me  
You gone ride for your guys like me  
Put a op on a fucking white tee (fuck a op)  
Yeah I feel you young nigga  
Get your skrilla young nigga  
You ain't nothing wanna really  
Been a killa young nigga  
But first man you gotta get some hitters young nigga  
Knock a squad off like you Hitler young nigga

Aye, auc shit pock shit  
Twelve still can't stop shit  
You niggas act like hoe  
Be messy we'll get the mop sticks  
Keep on thinking you untouchable  
I'll get yo block hit (fo real)  
Keep yo toolie me and fooly  
Droppin ops like a drop hit  
I got some niggas that done gone  
That pain forever inside of me  
That funk shit don't fly with me  
Bitch why would you lie to me (lil bitch)  
Police already scoping  
Pain deeper then the ocean  
As a man it's okay to care  
I'm scared to show emotion

(Yeah)

I know you see me through your eyes as that same lil nigga  
But you gotta understand that my name got bigger  
All I wanted was the money but the fame came with it  
Every time I'm home there be problems  
You don't know that pain I be feeling  
I know you see me through your eyes as that same lil nigga  
But you gotta understand that my name got bigger  
All I wanted was the money but the fame came with it  
Every time I'm home there be problems
