

How Do You Feel?

Fools Garden

Don't speak
Don't crucify
Yourself
You're beautiful

Try, try, try
Nothing will ever change as long as you do not try it out
Don't ask why
Your heaven is lost
In the dark of the night

How do you feel when you give yourself away?
Walk on!
To the answer in your heart
How do you feel when you're lost along the way?
Walk on, walk on!

Shine, shine, shine!
You're part of the light
So don't be afraid of the darkness
You can't fall
Don't waste time
Remain at the wheel
Say, how does it feel?

How do you feel when you give yourself away?
Walk on!
To the answer in your heart
How do you feel when you're lost along the way?
Walk on, walk on!

How do you feel?
Feel!
How do you feel when you're lost along the way?
Your way
Say how does it feel?

How do you feel when you give yourself away?
Walk on!
To the answer in your heart
How do you feel when you're lost along the way?
Walk on, walk on!
How do you feel?

Don't speak
Don't crucify
Yourself
You're beautiful
