Fools Garden

You waste your time day after day  
Why do you give yourself away?  
Open these eyes of innocence  
Come on and open them wide and see

Maybe  
You get closer to light  
Though it's a long long way to go  
Feel the decision to fight  
And maybe  
It don't matter what will be  
Maybe

Cherish your dreams, breathe and revive  
Burn down bridges, inflame your life  
Open these eyes of innocence  
Come on and open them wide and see

Maybe  
You get closer to light  
Though it's a long long way to go  
Feel the decision to fight  
And maybe  
It don't matter what will be  
The right time  
The wrong place  
Maybe

Maybe  
You get closer to light  
Though it's a long long way to go  
You gonna make it tonight  
And maybe  
You never know what's gonna be

You get closer to light  
Though it's a long long way to go  
You gonna make it tonight  
And Maybe  
You never know what's gonna be  
The right time  
The wrong place

Maybe
