

## Once

## Fools Garden

Even now  
Though the lights go down  
You pretend to me  
My love  
Who could tell  
Right from wrong  
Trust in what you feel

How long can you try  
To barricade your heart?  
And how long can you say  
That there ain't something?  
You feel so deep  
You feel so strong

Time is now  
Raise your head  
Pass that door to save  
Your life  
Steps we take  
Sometimes hurt  
Don't you be afraid

How long can you try  
To barricade your heart?  
And how long can you say  
That there ain't something?  
You feel so deep  
You feel so strong  
Come on and tell me  
How?  
How long?
