

# Shame

Fools Garden

Shame, shame, shame  
It's not the wine, and it's not the rain  
It's just a feeling that I can't explain

If you want to get in  
She said you've got to get out, before  
Why don't you try to begin?  
Come on your life is an open door  
Well, I don't want to make you promises  
But when you look at this  
It's such a shame

Shame, shame, shame  
She left me out here in the rain  
My life will never be the same  
'Til she's back again  
Shame, shame, shame  
It's not the wine, and it's not the rain  
It's just a feeling that I can't explain

She was the sweetest symphony  
And I was blind as boys can be  
I fell in love, and suddenly  
She needed more than I could give  
She spoke of time and space to live  
Was too much space and time for me

When the feeling is gone  
And the skies are all grey, you know  
Baby try to walk on  
Take your life in your hands and go  
The better days will come for everyone  
And you will find the sun (again)

Shame, shame, shame  
She's left me out here in the rain  
My life will never be the same  
'Til she's back again  
Shame, shame, shame  
It's not the wine, and it's not the rain  
It's just a feeling that I can't explain  
Shame, shame, shame  
Give me a puddle of champagne  
My life will never be the same  
'Til she's back again  
  
It's a feeling that I can't explain
