

Someday

Fools Garden

I need some activation energy
I am dog tired it's a catastrophe
I'm not connected
Phlegmatic infected
The blood brain barrier is too high for me
My ship is stuck
It's a complete breakdown
I'll turn things round
Yes I know
I'll begin
To arise again
No, I won't give in

Someday
I know I'm gonna find you
And then I bind you to myself
Forever and a day

SOS! emergency - I'm at the limit
I need some mind-expending remedy - this minute
I'm not connected
Tape jam - eject it
Dissociation in my head
My fuse has blown,
It's a complete breakdown
I'll turn things round
Yes I know
I'll begin
To arise again
No, I won't give in

Someday
I know I'm gonna find you
And then I bind you to myself
Someday
I will find you
And then I bind you to myself

And even though
My days close in
I will return
Electrify my soul
Revive
'Cause I still burn

Someday
I know I'm gonna find you
And then I bind you to myself

Someday

Someday
I will find you
And then I bind you to myself
