

## Song 4

Fools Garden

We talk  
So loud  
But we  
Don't understand

We try  
So much  
But we  
Can't draw the line

We stand  
So close  
But we  
Can't hear our hearts

We got  
So far  
Slowly  
We walk away

And you say we have it all  
You say that we own  
So much - forget it all  
We don't

Your clouds, your sky  
Don't cry and wash away  
My tears anymore  
And when you hold me I cannot feel  
Your hands, your thoughts  
Take away my breath  
Your skin barricades  
My blood, your love

And you say we have it all  
And you say that we own  
So much - forget it all  
We don't  
And we need to save our hearts  
We need, we can  
We have to find ourselves again  
Again

We talk  
So loud  
We try it so much  
But we can't draw the line

And you say we have it all  
You say that we own  
So much - forget it all  
We don't, we don't  
And we need to save our hearts  
We need, we can  
We have to find ourselves again  
Again
