

# Follow My Voice

## For All Those Sleeping

Hope can seem so hard to find  
When all around is falling  
And there's never enough light  
To see your way out  
But in the darkest times  
You find out what you're made of  
And I swear there's more to you than you know

I don't want to be the voice of a generation  
I just want to be a voice for you  
Alone we may be lost but together we stand tall

Follow my voice  
Let me carry you away  
I can see you're broken  
But we're all the same  
(We're all the same)  
Follow my voice  
And let me carry you away  
I can see you're lost and alone  
So let this song guide you

Alone we may be lost but together we stand tall

Scars can be so hard to hide  
When all around is flawless  
But where we've been makes us who we are  
But in the darkest times  
You find out what you're made of  
And I swear there's more to you than you know

Alone we may be lost but together we stand tall

Follow my voice  
Let me carry you away  
I can see you're broken  
But we're all the same  
(We're all the same)  
Follow my voice  
And let me carry you away  
I can see you're lost and alone  
So let this song guide you

Alone we may be lost but together we stand tall

I'll let you know  
I was like you too  
Now every night  
I take the stage  
I do it for you  
So you can let out all the hate  
And all the rage inside  
Life may never seem right  
But we'll always have tonight

Alone we may be lost but together we stand tall  
Alone we may be lost but together we stand tall

Follow my voice  
Let me carry you away  
I can see you're broken  
But we're all the same  
(We're all the same)  
Follow my voice  
And let me carry you away  
I can see you're lost and alone  
So let this song guide you

Alone we may be lost but together we stand tall
