

To Hell With The Devil (RISE)

for KING & COUNTRY

Speak of the devil
He's no friend of mine
To turn from him is what we have in mind
To hell with the devil
To hell with the devil

I got some battles, I got some issues, I got some problems
I got some trauma, been through the fire, been through the drama
I got some enemies, can't even see 'em and they wanna hurt me
But God is a friend of me, I call him Father
He's giving me purpose, He's given me therapy plus He gone carry me
Evil was scaring me, tryna put fear in me, felt the planet was running to he
resy
Clutching for meaning in darkness and perishing
You can embarrass me, kill me and bury me but I know all of it's just tempor
arily
Bring on the haters the doubters and Pharisees, I know the spirit within me
preparing me

Rise, reach up for the sky
Your wings were made to fly
This is your time to rise
There's fire in your eyes
You're heaven in disguise
Let this be your battle cry
To hell with the devil
To hell with the devil

No fear, I got fire some fire inside of my bones
My blood is the kerosene, I'm in my zone
Please tell the demons to leave me alone
They want the body but can't get the soul
Trust in the father and gave 'em control
Satan want smoke, he gone it get it for sho
Live by the lake in a fiery hole
My peace can't be shook, I got a joy that can't be took
I read the end of the story where Gods gets the Glory, the enemy not a good
look
Faced all the battles we ended with scars
Still we'll be living amongst all the stars
Heaven and earth come to together forever and ever
The angels are singing the chorus

Rise, reach up for the sky
Your wings were made to fly
This is your time to rise
There's fire in your eyes
You're heaven in disguise
Let this be your battle cry

To hell with the devil
To hell with the devil
This is your battle cry
To hell with the devil
To hell with the devil
Let this be your battle cry
