

# Unity

for KING & COUNTRY

(Ay-yah, ay-yah, ay-yah)  
(Ay-yah, ay-yah, ay-yah)

I wouldn't deny you if you asked me  
I'd rather die than to blaspheme  
But if I need a ride in your back seat  
Will you be there for me?

See me on the path on your way home  
Might need a mattress to sleep on  
But if I'm gone at dawn, would it be wrong?  
Will you be there for me?

Will you walk with me down a lonely street?  
Talk to me, tell me what you see  
Stand by me so the world will see  
You and me in unity

Ay-yah, ay-yah, ay-yah  
You and me in unity  
Ay-yah, ay-yah, ay-yah  
You and me in unity

I will be the heart when the beat stops  
Be the light when the sun drops  
I'm hopin' on the stars through the tree tops  
That you'll be there for me

Will you walk with me down a lonely street?  
Talk to me, tell me what you see  
Stand by me so the world will see  
You and me in unity  
Walk with me down a lonely street  
Talk to me, tell me what you see  
Stand by me so the world will see  
You and me in unity

Ay-yah, ay-yah, ay-yah  
You and me in unity  
Ay-yah, ay-yah, ay-yah  
You and me in unity  
Ay-yah, ay-yah, ay-yah  
You and me in unity  
Ay-yah, ay-yah, ay-yah

Save us from this madness  
Heal us from this sadness  
Lead us to what matters  
Closer to You  
Save us from this madness  
Heal us from this sadness  
Lead us to what matters  
Closer to You

Will you walk with me down a lonely street?  
Talk to me, tell me what you see  
Stand by me so the world will see

You and me in unity  
Walk with me down a lonely street  
Talk to me, tell me what you see  
Stand by me so the world will see  
You and me in unity

Ay-yah, ay-yah, ay-yah  
You and me in unity  
Ay-yah, ay-yah, ay-yah  
You and me in unity  
Ay-yah, ay-yah, ay-yah  
You and me in unity  
Ay-yah, ay-yah, ay-yah  
Do you believe in unity?
