

Long Story Short

Forest Blakk

3 A.M. in a late night restaurant
All our friends were a little messed up
Might sound crazy, might sound strange
But I think about that night almost every day
The way you talk when you feelin' anxious
And how you dodge all the cracks in the pavement
Thinkin' lately 'bout how things changed
But I've got memories of you like tattoos on my brain

Oh, I've said a lot
But I can't stop

Goin' on and on about you, how your eyes match your dress
How you like gettin' flowers you didn't expect
The life of my party when everyone's left, it's true
There's no one like you
I'm goin' 'round and 'round in circles, I'm not makin' sense
But I swear that I'm closer than I've ever been
I'm messin' it up but you know what I'm tryin' to do
Long story short, I love you

Empty glasses and nervous laughter
Time flew by like it didn't matter
Might sound crazy, might sound strange
But I think about that night almost every day

Oh, I've said a lot
But I can't stop

Goin' on and on about you, how your eyes match your dress
How you like gettin' flowers you didn't expect
The life of my party when everyone's left, it's true
There's no one like you
I'm goin' 'round and 'round in circles, I'm not makin' sense
But I swear that I'm closer than I've ever been
I'm messin' it up but you know what I'm tryin' to do
Long story short, I love you

Oh-oh, you know that, you know that, you know, oh
You know that, you know that
I'm messin' it up but you know what I'm tryin' to do
Long story short, I love you
Oh-oh, you know that, you know that, you know, oh
You know that, you know that
I'm messin' it up but you know what I'm tryin' to do
Long story short, I love you
