

Make It Better

Forest Blakk

Haven't spoken in a few years now
I've been working on myself
Thought time would make a real good friend
Instead I'm running into deadends

Found a love I wish that you'd known
Now I don't know what to do with it
'Cause when it's good it feels too good to be true
Guess that's the part of me I got from you

Don't cry, don't speak
Don't comfort me
I beg you please
Make it better

I'm trying to leave
Your gravity
But no one but you can
Make it better

No one, no one but you can
Make it better
No one, no one but you

I had a dream that you called me when I made it
Just to ask me how it felt
But what's the use in having big dreams come true
When there's no one round to tell

Don't cry, don't speak
Don't comfort me
I beg you please
To make it better

'Cause I'm trying to leave
Your gravity
But no one but you can
Make it better

No one, no one but you can
Make it better
No one, no one but you can
Make it better

No one, no one
No one, no one but you can
Make it better

No one, no one
No one, no one but you can

I'm trying to leave
Your gravity
But no one but you can
Make it better
