

Sing Along With Me

Forest Blakk

Candlelight is dancing on the ceiling
Fireplace is warming up our feet as
Snowflakes float down from the sky
There were some as big as your eyes

Mistletoe is hanging for a reason
The little eyes have finally gone to sleep and
Maybe I can steal a kiss tonight
After all, it's Christmastime

And you're the love of my life

So darling sing along with me
Sing like no one's listening
It's Christmas Eve
And all the lights are glistening
And all the joy that it would bring
If I could hear my favorite voice in harmony
So darling come and sing along with me

La la la la
La la la la
La la la la

Let's go through a box of our old records
And pick a song that we can sing together
That's all I want for you and I
After all, it's Christmastime

And you're the love of my whole life

So darling sing along with me
Sing like no one's listening
It's Christmas Eve
And all the lights are glistening
And all the joy that it would bring
If I could hear my favorite voice in harmony
So darling come and sing along with me

La la la la
La la la la
La la la la la la

I'm staring in your eyes
I love how we fit together
How a moment can last forever
You and I
Here tonight

So darling sing along with me
Sing like no one's listening
It's Christmas Eve
Darling come and sing along with me
