Swipe right  
You, everything about you  
Summarized into single sentences  
Carefully placed between capitals, periods and spaces  
Swipe left  
The heart on your sleeve, every character  
Each piece of you drawn out, crossed out, rewritten  
Delete, delete, backspace, rewrite  
Swipe right  
So calculated, so meticulous, you, all of you  
Swipe left  
A brief glimpse into your world  
Your past fears, your future ambitions  
Your defining moments of self discovery  
Swipe left  
All of your dreams, every experience  
The depth of you, the depth of your soul  
Swipe right  
The curves of all your edges  
The shapes of each beautiful angle  
Mirroring the perfection of you symmetry, wow  
Swipe left  
All of your flaws, each places on display  
You're beautiful, you're so beautiful  
Swipe right  
You're loved, you're liked, you're hated  
Swipe left  
You are someone's reason, someone's envy  
Someone's pain, someone's reason why  
Swipe right  
You're a sister, a brother  
A mother, a father, an aunt, an uncle  
A someone to someone  
Swipe left  
You are a million haunting reminders of a face  
Someone studied for years and has found it impossible to forget  
Swipe right  
You are a moment, you are a passionate moment  
You are eternal  
Swipe left  
You are a first kiss, a first touch  
The first memory of what it felt like to be loved  
Swipe right  
You in all of your glory and beauty  
You are everything that means something  
Swipe left  
You're shallow, you're afraid, insecure, you're a liar  
You're perfect  
Swipe right  
You are both the worst and best thing that has ever happened to someone  
Swipe left  
You are a series of interconnected absolutes  
That brought you to this definitive moment, right here, right now  
Swipe right  
You are the stars in the sky, the stars in their eyes  
You are everything that is right about this world  
Swipe left

You're hilarious, you're a smile away from a laugh  
Swipe right  
You're charming, you have a way with words  
You are sexy  
Swipe left  
You are charismatic, you are loyal  
Your set of red hot lips and the body of a god  
Swipe right  
You are desperate, maybe for love, maybe to fuck  
Maybe to get over being alone all the time  
Swipe left  
You, you're trying to forget the sound of your heart breaking  
When loose hands let it fall to the floor  
Swipe right  
You're a bad hair day, an old cliché  
An unconvincing black and white photograph  
Of something that never matter but you found it intriguing  
Swipe left

Swipe right  
You're different, you are so unique  
You are one of a kind

Eager to feel hopeless, eager to feel helpless  
Swipe right  
You are romantic, you're too good to be true  
Swipe left  
You are the single tear that races  
Down the side of your cheek not quick enough  
Swipe right  
You are alone, you are welcomed  
You are surrounded by everyone that matters  
Swipe left  
You are the sound of the first heartbeat  
First word and the first of many  
Swipe right

You see, you are me  
And I am you  
And we are not a swipe in either direction, right or left  
You are not a moment worth passing up  
You're not anything other than what you wish to be seen as  
Judge me not, I see the beauty you are  
I see the beauty I am  
The nameless, the faceless, the graceless, the fearful  
You are worth each and every second  
You are the truest value  
You are everything, I am everything  
You are worthy, I am worthy  
You are worth it, I am worth it  
You are worthy, worth it

You are worthy  
So judge us not  
I swipe left
