

Undone

Forest Blakk

I'm nervous and tired, but the bones break
It's worse when you're quiet, I see it on your face
And I can tell there's something that you don't wanna say
I'm naked and exposed, I really opened up
And I told you every secret, I held on my tongue
I was out building our future while you were tearing down my trust
(Mm-hmm)

When there's nothing left to hold on to
And you're hurting more than you want to

That's what it's like, that's what it's like
Coming undone, I'm coming undone
That's what it's like, that's what it's like
Coming undone, I'm coming undone
You'll treat me like a stranger, and I'll pick the pieces up
'Cause all I had to offer was never good enough
That's what it's like, that's what it's like
Coming undone, I'm coming undone

There's a fire in the bedroom, burning words you spit
From the night when you told me it was all in my head
I was choked up, but you didn't give a shit
The red eyes, I love you's, you made me hate myself
When you said that you'd be happier if I was someone else
That really fucked me
That really fucked me up
(Oh, oh-oh-oh-oh)

Now there's nothing left to hold on to
And I'm hurting more than I want to

That's what it's like, that's what it's like
Coming undone, I'm coming undone
That's what it's like, that's what it's like
Coming undone, I'm coming undone
You'll treat me like a stranger, and I'll pick the pieces up
'Cause all I had to offer was never good enough
That's what it's like, that's what it's like
Coming undone, I'm coming undone

There's a whole world, and nowhere to run
That's what it feels like, that's what it feels like
We're coming undone
