

Dirty Laundry

Forever In Your Mind

Cause I don't care
If you don't care
The secrets that we keep
Yesterday is yesterday
We all got dirty laundry

Is it all in our heads
Only memories
Could we leave it all behind
Oh you know I don't care
Who we used to be
Doesn't even cross my mind
I only want you
No real view
No more red lights

Cause I don't care
If you don't care
The secrets that we keep
Yesterday is yesterday
We all got dirty laundry
I don't see it differently
Twenty twenty dream
Yesterday is yesterday
We all got dirty laundry

Yesterday is yesterday
We all got dirty laundry
I don't care if you don't care
We all got dirty laundry

Can we forget these feelings
In another life
It's ok to let it go
We don't need a reason
We don't need to hide
All the dreams we never showed

I only want you
No real view
No more red lights

Cause I don't care
If you don't care
The secrets that we keep
Yesterday is yesterday
We all got dirty laundry
I don't see it differently
Twenty twenty dream
Yesterday is yesterday
We all got dirty laundry

Yeah

Yesterday is yesterday
We all got dirty laundry
I don't care if you don't care

We all got dirty laundry

Is it all in our heads
Only memories
Could we leave it all behind

Cause I don't care
If you don't care
The secrets that we keep
Yesterday is yesterday
We all got dirty laundry
I don't see it differently
Twenty twenty dream
Yesterday is yesterday
We all got dirty laundry

Dirty dirty dirty dirty laundry
Yesterday is yesterday
We all got dirty laundry
Dirty dirty dirty dirty laundry

I don't care if you don't care
We all got dirty laundry
